

# Power Max Series

8/21/07

# **17PMI**

Standby Rating 60Hz:17kW Prime Rating 60Hz:15kW

# **Philosophy at Norpro**

- Build a reliable product for the harshest of operating environments.
- Supply a product which is simple to operate and easy to maintain
- · Use the best technology and materials available
- · Provide the best value in the industry

#### More For Your Money

Norpro has been a leader in generator technology since we began operations in 1986. We strive to provide the best in terms of durability, performance, and value in the generator market. Using only world-class engines and components, we hand build the highest quality generators possible. By using high grade materials including, epoxy paint, stainless hardware, and powder coat, you can rest assured your generator will look good for many years to come. Our sound shields were developed using input from the aerospace industry. The results speak quietly on their own with sound canceling effects decreasing noise on average by 50%. We are very committed and proud of our product which is why we offer one of the most extensive warranties available. With the support of an experienced warranty representative, and a multi-million dollar inventory, all your generator needs are just a phone call away. Sales and services are handled by factory trained distributors and dealers reaching across the country and around the world. Everything is done to help us meet your needs and exceed your expectations.

#### **Standard Features**

- · Radiator Cooled Genset
- Muffler
- · Air Filter
- · Steel Skid Base
- · Rubber Isolation Mounts
- · Battery Tray
- · Battery Cables and Hold Down
- · Battery Charger (3 amp)
- · Oil Drain Kit
- · Digitec 300 Control Panel
- · ABS Molded Fan Gaurd
- · Hand Built in the USA
- Prototype and Production Tested
- · Meets or Exceeds Tier 2 Nonroad Emissions Regulations
- 5 Year 5,000 Hour Warranty

## **Digitec 300 Controller**

- · Programmable microprocessor panel
- · Engine start up with an automatic preheat system
- · Digital display
  - · water temperature
  - · oil pressure
  - · tamper proof hour meter
  - · battery voltage
- Safety systems
  - · automatic shutdown for low oil pressure
  - · high water temperature
  - · over speed
  - · over frequency
- Three onboard replaceable 40AMP fuses for fuel, crank, and timer outputs
- 5.5" x 4.3" x 2.16" (L x H x D)
- · Conform to 12V or 24V operations
- · User friendly
